

Robot Extruder

Stand-alone pellet extruder system

Quotation

Pieter Maelegheer

09-02-2022

The Netherlands, Delft, **09-02-2022**

Dear Pieter,

Thank you for your interest in our additive manufacturing solutions!

Hereby, the quotation of our Robot Extruder system. All components, supplementary products, options and upgrades that come with the system are described in detail in our Robot Extruder 2021 Catalogue.

If you require any further information, please feel free to contact me.

Best regards,
Emiel de Voogd

Payment conditions and Delivery

Prepayment is required to secure the production spot. Once prepayment is done, the production spot is secured and the estimated delivery lead time can be scheduled. Prepayment is 70% of the total amount.

Once the machine is produced, a FAT described in the technical description of the product is conducted. After the successful FAT the machine is ready for transportation and the remaining 30% of the total amount is due. After full payment transportation can be scheduled.

Transport can be arranged through a carrier selected by CEAD or by a carrier of selected by the receiving company. Transportation costs are for the receiving company.

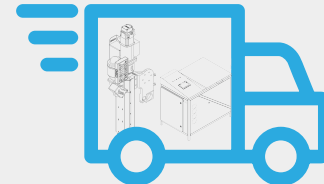

Any damages occurred during transportation will not be covered by CEAD B.V.. Incoterms® 2010 - EXW (Ex Works) set by the International Chamber of Commerce (ICC) will apply: CEAD delivers when it places the goods at the disposal of the Buyer at CEAD's premises. Buyer shall bear all costs and risks after receipt of the goods and shall arrange for their transport and loading. When CEAD arranges transportation for Buyer, Incoterms® 2010 - EXW (Ex Works) still apply.

Delivery for the Robot Extruder standard system is standard **16 weeks** after prepayment.

Delivery for the Pellet drying is standard **16 weeks** after prepayment.

Delivery for the Print bed 3.0 is standard **16 weeks** after prepayment.

The current delivery time can be exceeded due to the effects of the pandemic on our suppliers production capacity.

Warranty terms(1)

Machines, parts and products manufactured by CEAD B.V. are delivered with 12 month warranty, the warranty complies with the statements below:

Defects and malfunctioning of the machine coming forth out of conceptual-, design-, and/or production errors, which are within the warranty term and warranty area(the Netherlands and Belgium), are resolved without any additional costs by CEAD B.V.

The standard warranty period is 12 months. The warranty period starts on the day the factory acceptance test(FAT) is completed. The date stated on the signed FAT documents is leading.

Defects within the warranty period are resolved by CEAD B.V. and according to the best knowledge available at CEAD B.V.. Replacements and repairs on the machine and parts thereof are without both costs of labour and costs of replacement parts.

CEAD B.V. can replace defective machines or parts by new or overhauled machines or parts. All replaced machines or parts become the property of CEAD BV.

The warranty claim must be made within the warranty period and within the warranty area (the Netherlands and Belgium). For this purpose, the machine in question must be made available to CEAD B.V. in combination with a clear description of the complaint.

This manufacturer's warranty does not cover transport costs or risks associated with the transport of your machine to and from CEAD BV.

Warranty terms(2)

Claims other than the warranty rights mentioned in these warranty conditions are not covered by the manufacturer's warranty.

Execution of any of our warranty services does not renew or extend the warranty period for the machine.

Warranty conditions expire:

- A. If changes have been made to the product, including repairs that have not been carried out with the permission of CEAD B.V..
- B. If defects are the result of not corresponding with the intended use, overloading, injudicious use or not correctly following the instructions for use or manual.
- C. If damage is caused by intent, negligence, negligent maintenance or by incompetent storage of the delivered goods.
- D. The warranty is excluded for parts that are subject to normal wear and tear, hard face wear layers, wear plates, wear strips, gears, pumps, conveyor belts, conveyor belt seals, funnels, belts, bearings, power take-offs, extruder screws, extruder barrels, nozzles and the like.

CEAD B.V. is not liable for injury or damage of any kind or nature to persons or property whatsoever.

Warranty terms(3)

In the event of a defect in a machine designed and manufactured by CEAD BV, the warranty explicitly does not apply to the following:

- Losses in production, turnover and profit.

- Costs for (extra) labour, replacement machines, transport, rent and other items.

CEAD BV will provide a list of wear parts. When a wear part needs replacement, CEAD B.V. will produce and deliver the desired part.

CEAD BV will take action within 24 hours of receiving the complaint description to get the problem back operational to the best of its ability.

ORGALIME delivery conditions

CEAD B.V. uses the international ORGALIME delivery conditions. These conditions are applicable to this document. The ORGALIME delivery conditions can be found in a separate document and are available in English, German, French and Spanish.
